I'm sorry they did not include the lab #. I always try to include it on my subpeona requests. Cert# [REDACTED]. I wish I could give you an estimate as to what will happen monday. The defendant blew off the motion to supress hearing...my guess is that if she does show up she will likely plea, but I cannot promise you that. I will know by 9:30 monday how things look and can email you then...

ADA Russo-

I'm curious as to the status of the [REDACTED] case (# [REDACTED]) scheduled for trial on Monday, October 18, 2010, as I would like to let an ADA for SDC know since I am on call for a case there that day as well. Also, I never received the drug lab numbers for the submission(s) in question for this case, so if you would please provide them, I will be able to prepare adequately to testify. Thank you.
